### History of the Kiwanis Club of Cable Beach

On the 20th May 1968, approximately three months after its organization on 14th February, our official anniversary date, District Governor, Laurent Girovard presented Allen Stewart, charter President of the newly formed Kiwanis Club of Cable Beach with the club's charter. The venue for the charter presentation was the Gulf Stream Room at the Nassau Beach Hotel, located in Cable Beach. The club's name is associated with the first under-sea international telegraph cable that was laid between Jupiter, Florida and New Providence. The picturesque beach line area where cable came ashore was soon to be known as Cable Beach from which the club took its name. The Cable Beach Club was co-sponsored by the Kiwanis Club of Nassau and Ft. Montagu.

Fellow Kiwanians,

I greet you in Love.

During the presidency of Distinguished President Eugene Palacious (1996-77), I was invited and later became a member of KCOCB. The meetings were then held at Tony's Romer Resturant, the rest is history, I joined that same year.

The experience gathered while serving in the numerous positions in the club ( Assistant Secretary, Assistant Treasurer, Director, Chairperson, Vice President and President Elect) have help developed me for the leadership role of President of this Club. Two of the most impressive memory was the conferring of the title of Distinguished Secretary and later Kiwanian of The year upon me by this great club.

As chairperson of youth services I thoroughly enjoyed organizing and watching the basketballs games between the Elizabeth Estates Home as well as the Simpson Penn Homes for Boys with our male Kiwanians from the KCOCB, (don't know if they can still keep up). The beach picnics, the career day were always fun as well as educational.

During October the Club had a successful banquet. Many thanks to all those persons, who made the afternoon a splendid one indeed. To those who could not attend, I encourage you to support other projects planned by the Social and Recreation or Special Events chairpersons. All of our officers are now installed. We must now start our vigorous work for the 2005-2006 year.

"We Can Make A Difference...Through Service". as we continue to build on what makes KCOCB so magnificent.

## Message from International President Steve K. Siemens

**Date: Wednesday, November 02, 2005**

### **Title: Kiwanians helping Kiwanians**

Kiwanis International President Steve Siemens recently toured the United States Gulf Coast to witness the damage hurricanes Katrina and Rita wreaked on human lives and their property. He also talked to Kiwanians about the effects the disasters have had on their clubs. Following is President's Steve's letter to Kiwanis leaders, in which he reports on conditions in the **Louisiana-Mississippi-West Tennessee District** and Kiwanis' plans to help Kiwanis clubs there.

Dear Kiwanis Member,  
I just returned from Baton Rouge, Louisiana, where I met with the Board of Trustees of the Louisiana-Mississippi-West Tennessee District—and then as many Kiwanians as we could gather.

I listened as Kiwanians told their stories: A lieutenant governor has no clubs. Every club in his division is gone. There are no officers to install, no visits to make, nothing. Can you imagine?

Another lieutenant governor lost his home, his office, and even the church building in which his family worshiped. These places so dear to his daily life no longer exist.

There are about 200 Kiwanians who lost everything they own, and at least 1,000 Kiwanians have been displaced. Their needs are immediate, and they are long term.

One by one, people shared their stories of noth-

ing to go home to, no work, and no stability. And as they questioned changes in insurance, the Federal Emergency Management Agency (FEMA), and their very futures, my thought was, "This is our family, and we need to help them." We need Kiwanians helping Kiwanians.

Yes, the needs are tremendous; but yes, we can help people—our fellow Kiwanians—regain the stability they need to begin rebuilding.

As I flew back to Indianapolis, my heart was heavy, but it was also full of anticipation, because I know there are hundreds of Kiwanians who will help other Kiwanians.

To begin, we need to assist our Kiwanis family with funds for their immediate needs. These fund requests can be handled by the Louisiana-Mississippi-West Tennessee District office and the Kiwanis relief coordinator who is working through the district office.

Will you join me in helping meet the needs of some hurting Kiwanians? Will you help us, together as Kiwanis, reach out to Kiwanians who need to know their organization cares about them?

Kiwanis International realizes these clubs and Kiwanians are facing great challenges, not just in their personal lives but in keeping their clubs together. That's why the International Board is reaching out in these ways:

- We will not send dues statements until the clubs are running or active.
- We will send additional staff to assist in rebuilding clubs, poll clubs to assess their needs, and even help build new clubs.
- We will provide a toll-free number for Kiwanians to use when they need assistance. We will remember this situation nine months from now as much as we remember today.

I am grateful to know there are thousands of
